Nippon Paint Products

Exterior Paint

Available in: 5L & 20L

Nippon Paint Weatherbond

High performance exterior paint to protect your house

Specially formulated to protect your home against the elements, this durable paint gives your exterior walls a tough yet lustrous finish. With strong resistance to dirt, algae and fungus, it also guards against fading and chalking, keeping facades looking new for longer.

- High performance paint for exterior walls
- Excellent resistance to dirt, water, alkali, chemicals & peeling
- Anti-fungus & algae
- Anti-carbonation formula
- Excellent adhesion to wall surface
- Tough and durable protective coating against effects of weather
- Water-based paint
- No lead or mercury added

Nippon Paint Weatherbond AlgaeGuard

High performance exterior paint with enhanced anti-algae/fungus and anti-streak marks performance

A technologically advanced exterior paint that retards the growth of algae and fungi.

- Outstanding resistance to fungal and algal growth
- Enhanced anti-streak marks property keeping the facade clean
- Excellent weather durability under local climatic conditions
- Good adhesion on stable surfaces
- Easy application with good levelling property
- Excellent anti-carbonation property
- High water vapour permeability

Nippon Paint SolaReflect

High performance heat reduction

Introducing Nippon Paint's latest range of exterior paint perfectly designed for tropical countries where hot weather is all-year round. Unlike conventional paint, SolaReflect is designed to reflect infra-red light away before it turns into heat. This reduces heat absorption and build-up – up to 5°C – so your home stays cooler on scorching days.

- Surface temperature up to 5°C cooler
- Excellent weather resistance
- Heat reduction effect - energy saving
- Anti-fungus & anti-algae
- Long-lasting colours
- Low VOC

Wood & Metal Paint

Available in: 1L & 5L

Nippon Paint Bodelac 9000

Shine with bright and intense colour with this super gloss paint. This brilliant super gloss enamel paint makes it easy to give metal a warm glow, or wood a cool, glossy tough finish. Providing excellent coverage and fungus resistance, Bodelac 9000 is perfect for both internally and externally.

- Super gloss and matt finishes for wood & metal surfaces
- Good hiding power
- Anti-fungus
- Protects against corrosion
- Excellent adhesion to wood & metal surfaces
- Long-lasting colours
- Easy to apply
- Durable
- No lead or mercury added

Nippon Paint Aqua Bodelac

Water-based modified acrylic gloss enamel paint with low Volatile Organic Compound (VOC)

This new breakthrough water-based paint technology is an eco-friendly, non-toxic alternative to conventional solvent-based alkyd paint. Aqua Bodelac is ideal for interior wood and metal surfaces such as door and window frames. For best result, use Nippon Paint Aqua Primer sealer undercoat.

- High gloss finishes for wood & metal surfaces
- Anti-fungus
- Protects against corrosion
- Excellent adhesion to wood & metal surfaces
- Long-lasting colours
- Easy to apply
- Durable
- Eco-friendly
- Water-based
